March 2011**

Tips for Using Title IV

- 1. Make sure you have a copy of the CURRENT Title IV**
- 2. Read it forwards, read them backwards, read it a paragraph at a time**
- 3. Read the definitions**
- 4. Read it whenever you are doing something on a situation**
- 5. Read it before you have a situation arise**
- 6. Don't assume if you've found something on a topic in one section that you've found everything on that topic**
- 7. Don't make decisions based on what you remember about the Canons or what someone tells you about them, look at the actual language**
